Merry Christmas!

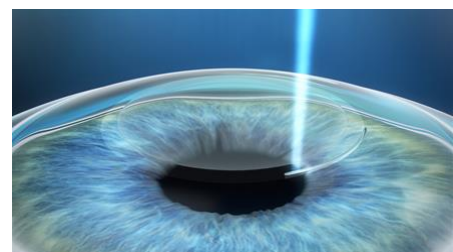

Laser Vision Clinic Central Coast would like to wish all our friends a very Merry Christmas and best wishes for the new year ahead. We have had a very busy and enjoyable year as word gets out about our newest laser eye surgery technique SMILE.

SMILE laser surgery is producing some fabulous vision results with very little down-time, meaning you can be back to your normal active lifestyle within days. We have had patients from around the country coming to the Central Coast for SMILE surgery – Townsville, Gold Coast, Moree, Bathurst, Dubbo, Northern Territory, Western Australia, and Melbourne.

We look forward to another busy year ahead with our first SMILE list on 20th January 2017.

Our New Website

We're excited to announce that our new and refreshed website is live. The updated site includes changes to navigation, with dropdown menus for both mobile and desktop versions. There's a whole host of smaller but impactful changes, all to make your experience better.

Please spend some time browsing our new website— we welcome any feedback so we can provide the information you need at your fingertips. Visit www.lvccc.com.au

Ophthalmologist visit from Western Australia

We recently had a visit from Ophthalmologist Dr Siew-Yin Then, from Mandurah Western Australia. Dr Then spent a long day with us observing our morning clinic sessions and SMILE laser surgery list.

Dr Then was very impressed with our centre and procedures, and looks forward to setting up her own SMILE laser centre in Mandurah to introduce SMILE technology to her community in the near future. We wish her every success in her laser vision correction clinic.

Presmed Optometry Conference 2017

Optometrists are invited to Presmed's annual Optometry Conference on Sunday 2 April 2017 at the Macquarie Graduate School of Management. The Conference follows our proven successful format of two concurrent speaker programs with 28 Ophthalmologist presenters in total. 12T OAA CPD points applied for.
